

Dear Members and Shooting Friends,

Welcome to the range at Godfreys pond. My name is Craig Gillard and I have been appointed to be the new range chairman. I am looking forward to serving you-the shooters.

I have many ideas for the range and hope to implement them as soon as the weather improves.

One of these changes is going to be you will not need to sign in to use the range.

You will also see in the near future a new brass collection box. My hope is that when you are done shooting you will police the area and deposit any unwanted brass into the container. I will then sort it, run it through a cleaner and place any usable brass for sale at the pond store at a very reasonable price. This will enable me to have monthly shoots with prizes for the best shots.

I am looking forward to making this a better, clean and fun range.

If you have any ideas or changes as well as criticisms you may contact me at

[rangeatgodfreyspond@gmail.com](mailto:rangeatgodfreyspond@gmail.com)

I am looking forward to a great and safe year.

Thank you
